PT-6000/TREO LED FIBER UPGRADE KITS

Delight your customers and your bottom line with fiber to LED conversion kits.

The PT-6000 Treo LED upgrade kits provide everything an installer needs to upgrade fading fiber lighting to vibrant LED lighting. Upgrades are fast and easy because existing fiber conduit is reused for the Treo LED lights. The PT-6000 seamlessly replaces aging illuminators and are virtually maintenance free. Pool owners not only get brighter lights, they also gain the ability to have color light shows at their fingertips using the handheld remote.
